ALL MODULES · UI / UX REFERENCE

Vinay Traders Desktop & Responsive Web Application

01 Use the included full-resolution image files as design references.

02 Rebuild real responsive components; do not place screenshots into the app.

03 Preserve navigation, saved records, authorization, stock and accounting logic.

04 Screenshots are examples of appearance, not source product or customer data.

05 Compare results at 1366x768, 1024x768, 375x812 and 320x700.

06 Check light and dark mode, tables, dialogs, forms, hover and keyboard states.

NON-NEGOTIABLE

Tax-free Bills. Real logo. Proper A4 documents. No unsaved demo controls.

No mouse-wheel numeric edits. No fabricated products. Tests for every functional module.

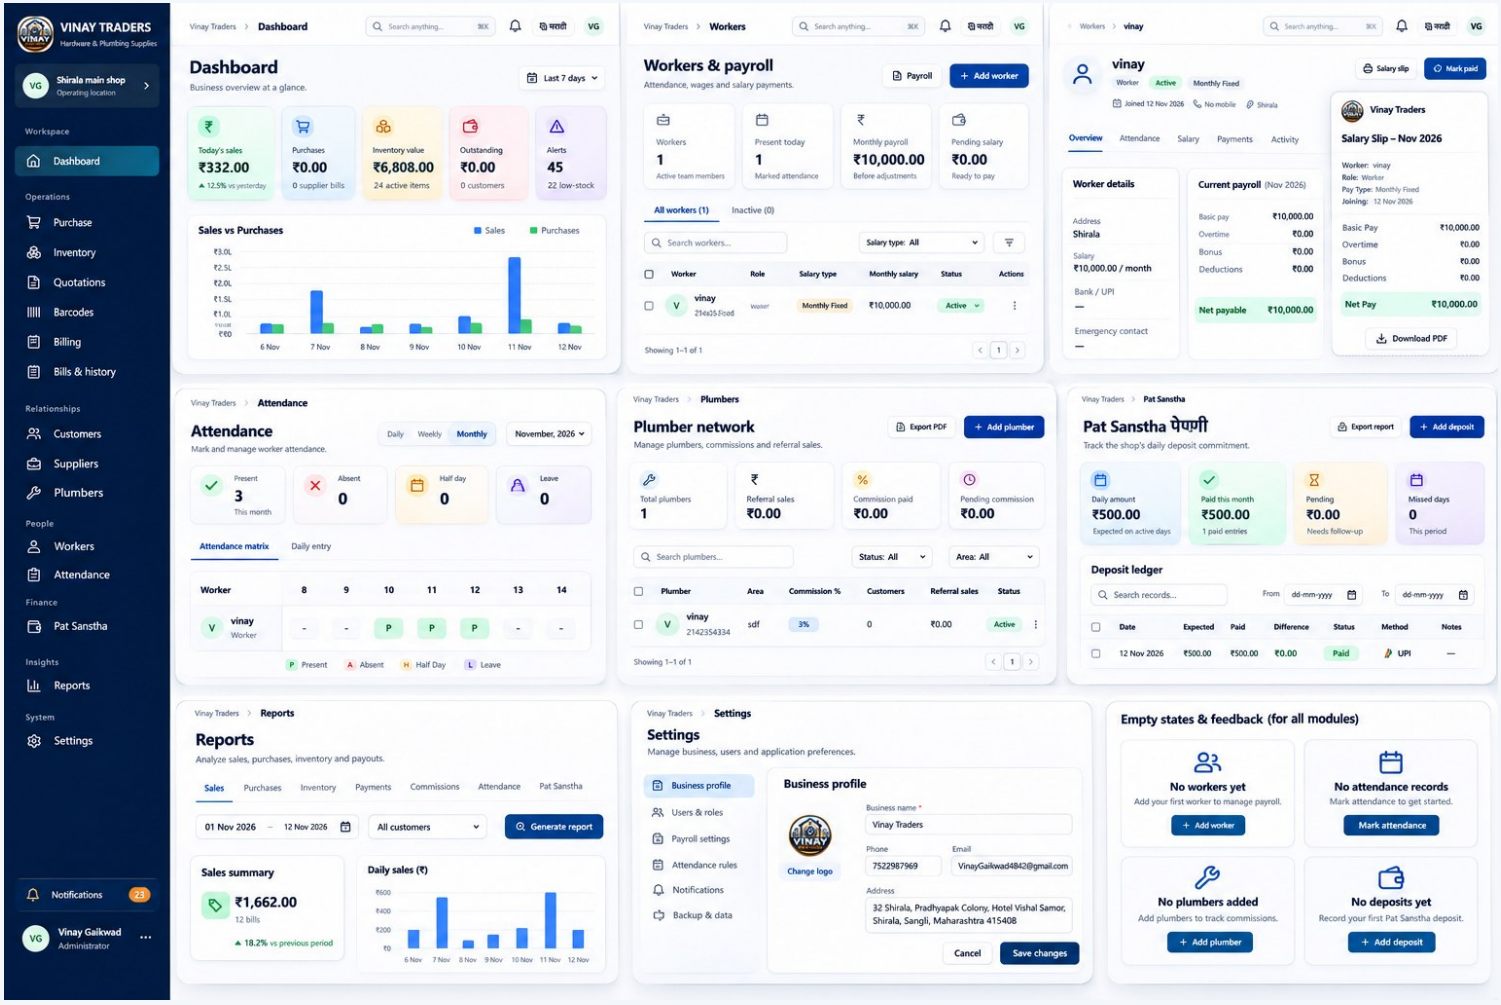

FOUNDATION STANDARD

PRIMARY NAVY	COBALT BLUE	TEAL / SUCCESS	GOLD ACCENT
#102747	#2563EB	#119E93	#D79C33

NAVIGATION	Permanent grouping and active section; no double scrollbar/sidebar clipping.
FORM CONTROL	14–16px labels, enough padding, error hint, searchable dropdown, keyboard focus.
TABLES	Readable column headers, status pills, separate name/mobile/date filters and bounded overflow.
METRICS	Real data, explained denominators, dates and payable balance vs base amount.
PDF PRINTING	Actual logo; A4-specific layout; repeated headers; no raw JSON or unreadable lines.
EVIDENCE	Before/after screenshot, real test path, 1/20/100+ PDF items, commit and result.
